On the Seminary fork of Stillwater, yesterday, Floyd Burnett, aged about 16 years, shot and instantly killed Harrison Moore, aged about 15. Burnett claims the shooting was accidental, and that the gun was discharged by Moore in an effort on the part of Moore to wrest the gun from Burnett to shoot some birds. The examining trial will be held before County Judge Center tomorrow, and in the meantime Burnett is in jail. There was only one eye-witness, it seems, who is a very small boy and it is not known what he will state.

W. J. LAMPTON, New York, a journalist of international reputation and a nestor in newspaperdom, has the following complimentary comment upon a recent issue of THE HERALD in noticing the changes in dress and increase in size. Col. Lampton has no pecuniary interest in our paper, but he knows of the struggle we have made in a score and more years, and believing "the laborer is worthy his hire" thinks the people in whose behalf it is published should accord it a better support. But read what he says and then come in and help us by subscribing for a year:

"Bro. Cooper: I was just looking over and admiring your new six-column HAZEL GREEN HERALD today, and it occurred to me after making a brief calculation that I was prepared to bet a farm that there wasn't a man, woman or child in Wolfe county who could get as much for their money in any other way as by subscribing for your paper. Of course there are people out there who seldom think about things who will come along with their farms to bet, but let me call their attention to what they are getting, before they risk their property on a certainty against them. For example there are, by actual count in THE HERALD of March 19th, ONE HUNDRED AND EIGHTY-SEVEN items of local news, not to be found in any other newspaper; there are TEN items of state news; there are EIGHT announcements of candidates, interesting to people in politics; there are THREE railway time tables, of value to all travelers; there is one column of editorial matter, and there are THIRTY advertisements of lines interesting to purchasers of all sorts of things. Not a bad inventory of useful material, is it? And how much does it all cost the subscriber? How much of his hard-earned savings does he have to give

up for such a collection of useful and interesting information, most of it not obtainable anywhere else on earth? LESS THAN TWO CENTS! ONE DOLLAR FOR FIFTY-TWO NUMBERS! Think of that, will you, you subscriber who thinks he is not getting his money's worth when he takes his county paper! By heck, he ought to be ashamed of himself. He can't get anything like that much of anything else from anybody for anything like so small an amount of money. Less than two cents for an invoice that would stock a store or a farm if put into as many articles of general merchandise or farm products or implements. As a mere business proposition the editor is the best friend the county man has when it comes to giving value received, and for the general improvement of the whole county nothing compares with the newspaper which every week tells the story of the people and their work, and encourages everybody to greater effort.

"Maybe I don't know what I am talking about, but I am here to say that the man who kicks because he thinks he isn't getting his money's worth in his county paper, or will not subscribe because it is not worth what is asked for it, ought to be kicked himself, and kicked clean out of the county. Yours, &c., LAMPTON." New York City, March 25.

CASTORIA.
The Kind You Have Always Bought
Bears the Signature of
Charles H. Fletcher

From Ballentine, Miss.

Editor HAZEL GREEN HERALD:
Dear Sir: You will please allow me space for a short letter in the dear old HERALD, which I receive every Monday night.

I am located at the Woods Hotel, on the Sardis and Delta railroad, owned and operated by the Carrier Lumber and Manufacturing Co., Sardis, Miss. They own about 40 miles of road, have three engines, two work trains and one passenger train. They own 34 sections of land in what is called the Mississippi Delta. Each section contains 640 acres of well timbered land, composed of hardwood—oak, persimmon, hickory and sycamore; soft wood—cypress, yellow gum and cottonwood, which all grows large and thick, cutting four to six 10-foot logs per acre. Men get for cutting hard wood 90 cents and for soft wood 50 cents per 1,000 feet. The company has two steam skidders in the woods and one boom loader which furnishes the timber to railroad and then the engine carries the logs to their plant at Sardis, which consists of a spoke factory, a veneering factory, a heading machine, and very large saw mill. They consume 75,000 to 80,000 feet a day. T. B. McCormick, of McCormick, Ky., is general manager; A. McGregor, of McCormick, Ky., general manager of woods; A. P. Stille, of Clay City, Ky., secretary; Weed Garrett, of Stanton, Ky., general manager supply store, and a great many other Kentuckians here who are playing a very active part in helping to move business along. My position pays me \$85 a month.

There is lots of game here—bear, deer, wild turkeys and ducks, some panthers and wolves. I have eaten bear and deer meat both since I have been in Mississippi. I don't know how long I will be here, for my 10-20ths wrote me that I would have to come home and sow oats and grass seed, and I am awfully homesick and you see I am liable to start most any time, but let the dear old HERALD come on to Ballentine, Miss., until I write you to change the address.

Wishing THE HERALD, yourself and better seven-eighths all the success, I remain, yours, etc.,
T. K. TUTT.

What Shall We Have for Dessert?

Try JELL-O, the dainty, appetizing, economical dessert. Can be prepared instantly—simply add boiling water and serve when flavored just right; sweetened just right; perfect in every way. A 10c package makes enough dessert for a large family. All grocers sell it. Don't accept substitutes. JELL-O complies with the pure food laws. Seven flavors—Lemon, Orange, Raspberry, Chocolate, Cherry, Peach.

Some Suggestions For the Improving of School Grounds.

Select those trees and shrubs which are the commonest, because they are the cheapest, hardiest and most likely to grow. There is no district so poor and bare that enough plants can not be secured, without money for the school yard. You will find them in the woods, in old yards, along the fences. It is little matter if no one knows their names.

A rare or strange plant may be introduced now and then from the nurseries if there is any money with which to buy such things. Plant it at some conspicuous point just in front of the border, where it will show off well, be out of the way, and have some relation to the rest of the planting. Two or three purple leaved or variegated leaved bushes will add much to the spirit of the place, but many of them make it look fussy and overdone.

Have a definite plan for your planting, considering well the size and contour of your grounds. The aim should be to hide, by the aid of trees and shrubbery, all objectionable buildings, or portions of the place, and to so locate the trees and shrubs as to give a pleasing outlook and to afford protection from the winds. They should be planted, however, in natural groups, and nature does not plant in straight, stiff rows. Remember, too, that flower beds are much more effective when framed in a suitable background of foliage than when planted in open spaces. The open spaces should be made attractive with beautiful grass. Flowers also are effective in window boxes, or along the edge of the grounds—not in the center. Plant vines and climbing roses about porches, walls, old tree trunks, and at the posts of the fences, where they can be trained on either side along the wires or rails.

We have the most beautiful trees all about us from which to choose for the school grounds—ash, elm, maple, beech, sycamore, willow, hickory, chestnut, poplar, pine and oak.

We have the most attractive shrubs in our woods and farmyards—dogwood, red bud, mock orange, rhododendron, laurel, witch hazel, wild rose, elder, sweet brier, sumac, haw, snowball, lilac, rose, spirea and honeysuckle.

We have an abundance of flowers—easy to grow, and almost all care of themselves—lilies, pinks, hollyhocks, phlox, asters, golden rod, petunias, cosmos, candytuft, marigolds, verbena, sweet alyssum, violets, poppies, jonquils, daffodils, crocus, narcissus and a long list of others. Care should be taken to choose such as bloom while the school is in session.

We can, if we really wish to do so, make every school house and grounds in Kentucky a place of beauty.

He Got What He Needed.

"Nine years ago it looked as if my time had come," says C. Farthing, of Mill Creek, I. T. "I was so run down that life hung on a very slender thread. It was then my druggist recommended Electric Bitters. I bought a bottle and I got what I needed—strength. I had one foot in the grave, but Electric Bitters put it back on the turf again, and I have been well ever since." Sold under guarantee at all dealers. 50c

Dr. A. C. Nickell tells us he will be compelled to break up house-keeping, owing to his wife's failing health, and offers his house, garden, barn and a fine well of water for rent. This is a nice little home that some one may rent at a bargain by applying to him at once, in time for garden.

The Democratic vote in Wolfe in 1906 was 879, and 899 in 1907. With these figures as a basis you can send in a dollar for subscription, make your estimate and get a chance at one of the prizes recorded in our ad on another page, "Try Your Luck."

A Medal of Gold.

It will be of interest to our readers to learn that the managers of the Jamestown Exposition have awarded a gold medal to the famous Stevens Rifles, Shotguns and Pistols. This is a deserving tribute to the well recognized merit of these sterling firearms.

The Cause of Many Sudden Deaths.

There is a disease prevailing in this country most dangerous because so deceptive. Many sudden deaths are caused by it—heart disease, pneumonia, heart failure or apoplexy are often the result of kidney disease. If kidney trouble is allowed to advance the kidneys become diseased and the vital organs of the kidneys themselves break down and waste away cell by cell.

Bladder troubles most always result from a derangement of the kidneys and a cure is obtained quickest by a proper treatment of the kidneys. If you are feeling badly you can make no mistake by taking Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy.

It corrects inability to hold urine and scalding pain in passing it, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. Swamp-Root is pleasant to take and sold by all druggists in fifty-cent and one dollar sized bottles. You may have a sample bottle of this wonderful new discovery and a book that tells all about it, both sent free by mail. Address Dr. Kilmer & Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper.

Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

\$25 in Free Presents.

The Wolfe County Democratic Primary Election to select candidates for the various county offices will be held in the summer some time, and THE HERALD avails of the occasion to increase its subscription list and at the same time give its subscribers \$25.00 in useful articles, such as watches and chains, razors, combination handy tool holder, &c.

This is in no sense a lottery but an educational problem, in which each new subscriber, and each old one who pays up and renews, will have the opportunity to exercise his brain in estimating the vote to be polled at the coming Democratic Primary Election.

The price of THE HERALD is \$1.00 a year, in advance, and every subscriber is entitled to one estimate. Old subscribers who pay up arrearages and one year in advance are also entitled to one estimate. The one who sends in the closest estimate will receive a gold plated watch and chain; next nearest gold plated watch and aluminum fob, next a fine razor, &c. Use the estimate coupon attached. Write your name plainly and make figures of estimate very distinct. Then enclose \$1.00 with the coupon and mail to this office. These coupons will be filed and the day after the election a disinterested committee will take charge of them and determine who is entitled to the presents.

Miss Lula Nickell visited her mother, Mrs. Jane Nickell, at Gray, Saturday and Sunday.

Mrs. C. F. Kash and Mrs. Robt. Cecil spent Saturday at the home of Mrs. J. H. Phillips, near town.

Dr. A. C. Nickell spent Saturday and Sunday with his daughter, Mrs. Butler Hughes, at Pomeroyton.

Mrs. Hord had the misfortune last Thursday to fall from the top of the step leading to the academy. She received some very painful hurts, but nothing serious.

Every person in the state directly or indirectly interested in the tobacco situation should read an article on the subject in Van Norden's Magazine for April.

Dr. Center informs us that Boone Oldfield is suffering from hemorrhoids, both external and internal, and that he will be operated upon as soon as he can stand the ordeal.

Andy Caldwell, who formerly lived here, but who now makes his home in Estill county, came in last Saturday to visit his daughter, Mrs. Larkin Sparks, who has a very sick infant.

E. F. Cecil, as administrator of the estate of Harrison Swango, deceased, will sell the personalty of the decedent on Saturday, April 18. For particulars see bills, and then attend for bargains.

D. B. Tyra, of Stillwater, is agent for the following mowing machines: Osborn, Champion, McCormick, Deering or any other, and any rake the farmers need, and he will sell at close prices.

Mrs. Charley Hurt received a telegram Monday informing her that her father, who lives down in Breckinridge county, was dangerously ill, and Tuesday morning she left for his home to attend his bedside.

Sewell Combs, of Richmond, is visiting among friends and relatives in this vicinity. He tried to reach here in time to attend the burial of Uncle Harry Swango, but the bridge being washed out at Clay City he could not make the connection.

Miss Mollie Oney, while out horseback riding last week, during high water, rode into a bank of quicksand, near the Hazel Green bridge, when she was thrown from her horse and badly scared. She suffered no serious injury, but shocked her nervous system and sprained her ankle so she has to limp about,

There came near being a disastrous conflagration at the residence of John Ward, Friday last. One of Mr. McLin's little girls called there for a book, and Mr. Ward's daughter, Miss Lou, had gone up stairs to secure it, when she smelled smoke, and upon investigation found that fire had broken out in a closet, some of the contents being destroyed, including a pair of pants. The damage, as assessed by George Rice, was \$30, which was fully covered by insurance. The building is covered with a galvanized iron roofing, and had not the fire been discovered just at the moment it was, the house and all its contents would have been destroyed. Mr. Ward says it was a providential escape for which he is very thankful.

George Sandifer left Monday for Lexington, where he will visit his wife and daughter for a few days. His father, George Sandifer, of Danville, will be there, and it will be a kind of family reunion of the Sandifer family, four generations being represented and four Georges—George Sandifer, of Danville; George Sandifer, of Hazel Green; a son of the latter, George Sandifer, and his son, George Sandifer. This is rather a remarkable coincidence, as it is seldom, indeed, that four generations bearing the same given name meet together.

Inadvertently we last week failed to mention that Mizpah lodge, 507, F. & A. M., had charge of the funeral and burial of Uncle Harry Swango. The ceremony, as performed by Most Worshipful Master John Ward, was very solemn and imposing. Several visiting brethren were present and participated in the ceremonies, among whom were Shiloh Swango, Althe Landrum, H. B. Little and others whose names have escaped us.

One reason THE HERALD does not enjoy as large a subscription list as it should is because of the "dead-beats" who borrow it week in and week out. We heard of an instance Monday where four families borrow it every week, and each one of the four are well able to pay for it. Several cases of one or two borrowing it have come to our notice, and in justice to us subscribers should make it a rule not to loan it out.

The Ladies' Cemetery Association and the Ladies' Aid Society will give a social in honor of the Town Board, Friday, April 10, at the home of Mr. and Mrs. J. P. Bicknell. Members of the Aid Society, the Cemetery Association and the Town Board will compose the company. Light refreshments will be served and a very enjoyable time is anticipated.

Our old friend, F. M. Long, of Salem, visited his daughters, Mrs. Robert Cecil and Miss Falay Long, over Sunday, and had a handshake with many old friends. Mr. Long is a delegate to the National Prohibition convention, which meets in Columbus, Ohio, July 4, we believe, and says he will attend.

In noting the Spradling bridge disaster, we were misinformed as to the death of young Culbertson. He is still alive and did not have to have the leg amputated. We are sorry we reported his death, but it was so stated to us and given as a news item.

J. T. Day Improving Every Day.

The more the people see of J. T. Day the more they are surprised at the transformation he shows. Just think that for ten years he had paid no attention to business in any respect, and now, almost instantly, he becomes the same Taylor Day of old, full of vigor and vim. He is here, there and everywhere, seemingly ubiquitous. One time you see him pushing the improvements about his yard and garden; then he visits the school and dines with Prof. Derthick, the principal; then he is horseback inspecting his property and noting repairs, at which he at once puts hands. And this is the way he goes day after day. Our Man About Town asked him how he found his business after his long spell of enforced idleness, and he replied: "Everything is just as it should be. I am simply delighted, and to Bob McLin (his son-in-law, who managed affairs) I am so profoundly grateful that words can not express it. He has been true to his trust to the uttermost and I am overjoyed. I have many improvements in contemplation. I shall put in a stock of general merchandise that will surprise the natives and supply all who need goods. Briefly I intend to resume my place as a business man, and keep things going. I am well as I ever was and feel ten years younger than I did ten years ago. I am going to open my Torrent hotel and run it in first class style. I have much to do and will employ many men." Such is the action and talk of a man who for ten years has been morbidly morose; a ruminating recluse without apparent care or concern, and to say it is remarkable hardly expresses the case. And the people hope and believe his rejuvenation is of permanent duration. Selah.

To Prepare for Industrial Plant.

Prof. M. O. Carter, accompanied by his wife, left Wednesday for Indianapolis, where he has been ordered by the C. W. B. M. to appear and take instruction in industrial work. They will remain in that city until about Sept. 1st, when it is expected the industrial plant connected with Hazel Green Academy will be ready to begin operations, and Prof. Carter be prepared to assume charge of it. A laundry, woodworking plant, machine shop and two or three other industrial branches will be taught, giving a fine chance for young ladies and young men to learn a useful pursuit and at the same time educate themselves. Their many friends regret to see Prof. Carter and wife leave us for so long a stay, but they are consoled in the fact that is in the interest of the school, and hope the sojourn may be a pleasant one.

Resolutions of Respect, Mizpah Lodge, No. 507, F. & A. M.

WHEREAS, It has pleased Almighty God to call from labor to rest our beloved brother, Harrison Swango, March 31, 1908; therefore, be it resolved,

1st. That in the death of Bro. Swango this lodge loses a worthy and valuable member, and the community a citizen whose moral character and habits were worthy of commendation and imitation, whose life and character, word and deed won him universal love and esteem, for he was regarded by men in all walks of life as an honorable man, and by the church as an aggressive as well as progressive christian.

2nd. That the heartfelt sympathy of this lodge be tendered the bereaved family, and that we commend them in this hour of trial and sorrow to the care and guidance of the God of the widow and the Father of the fatherless.

3rd. That a copy of these resolutions be sent to the family, one be spread on the record book, and published in the Home Journal and HAZEL GREEN HERALD.

RECIPE FOR RHEUMATISM.

Directions to Prepare Simple Yet Remarkable Home Mixture.

There is so much Rheumatism here in our neighborhood now that the following advice by an eminent authority, who writes for readers of a large Eastern daily paper, will be highly appreciated by those who suffer:

Get from any good pharmacy one-half ounce Fluid Extract Dandelion, one ounce Compound Kargon, three ounces of Compound Syrup Sarsaparilla. Shake these well in a bottle and take in teaspoonful doses after each meal and at bedtime; also drink plenty of good water.

It is claimed that there are few victims of this dread and torturous disease who will fail to find ready relief in this simple home-made mixture, and in most cases a permanent cure is the result.

This simple remedy is said to strengthen and cleanse the eliminative tissues of the kidneys, so that they can filter and strain from the blood and system the poisons, acids and waste matter, which cause not only Rheumatism, but numerous other diseases. Every man or woman here who feels that their kidneys are not healthy and active, or who suffers from any urinary trouble whatever, should not hesitate to make up this mixture, as it is certain to do much good, and may save you from much misery and suffering after awhile.

Our home druggists say they will either supply the ingredients or mix the prescription ready to take if our readers ask them.

Heart Troubles

The heart may be weak just the same as the eyes, stomach or other organs. It often happens that a person is born with a weak heart. Then again disease, fevers, over-exertion, anxiety, nervousness, rheumatism, etc. weaken the heart. The result is shortness of breath, palpitation, pain in the heart, or in some of the nerves of the chest or abdomen. The heart should be strengthened with a tonic, and for this nothing equals Dr. Miles' Heart Cure.

"I had LaGrippe last fall as I thought in a mild form. I was weak, tired feeling, and short of breath; could hardly go about, and a good deal of the time sort of an asthmatic breathing and extremely nervous. I began taking Dr. Miles' Heart Cure and Nervine and now I feel so much better in every way. I am so thankful that I began taking this medicine, and shall not hesitate to tell others how much good it has done me."

KENTUCKY KERNELS

Carefully Collated and Concisely Chronicled.

Due to an old grudge Fred Fields shot and killed Logan Frazier, near Olive Hill.

Albert Allen and Charles C. Fox, executors of the \$80,000 estate of John Allen, filed suit in the Fayette Circuit court attacking the constitutionality of the inheritance tax law.

A stock barn at Elmendorf farm, near Lexington, the property of James B. Haggin, together with 33 brood mares and 11 foals, was destroyed by an incendiary fire one night last week.

Night riders have committed so many atrocious outrages in Calloway county that the county judge asked for troops, and now a company of cavalry patrols every road all through the night.

Because his sweetheart, Miss Laura Nettiner, aged 17, took medicine to stop the toothache, Harry Renshaw, aged 19, shot himself and is at the point of death at the city hospital in Louisville.

G. W. Hollon has filed suit in Jackson against County Clerk Hurst, charging that Hurst issued a marriage license to Eva Hollon, his 15-year-old daughter, and Bud Dunn, without his consent.

The recent floods caused the Methodist church at Fearn, in Lewis county, to leave its foundation and be washed away. It was found half a mile below, safely landed in the middle of the pike.

The friends of Hiram Hedges, who was recently killed by night riders near Carlisle, are raising money to pay off the mortgage on his farm and educate his children. Over \$200 have thus far been raised.

Miss Cora Evans, who was living at the home of R. A. Thompson, in Manchester, drowned herself the other day. She left a letter stating that she had been falsely accused of some offense by her father.

One man killed and another fatally wounded is the result of a row at a church meeting in Letcher county. Dick Hall, Jr., was killed by Winfred Isaacs, and the latter is said to have been fatally wounded.

Ben T. Head, who recently resigned as vice president of the Lexington Banking and Trust Co., has been elected vice president of the Citizens Savings Bank at Birmingham, Ala., and will assume his new duties about May 1.

Late Saturday afternoon four prisoners made their escape from the Georgetown jail by digging the bricks from under a window with a weight taken from the window casing. The hole was barely large enough to admit the body.

The old edifice in which the Louisville Presbytery was fostered, and which stands to the rear of the new Presbyterian church, was recently sold at auction for \$12.75. It will be torn down and the material used for other purposes.

Charles Callahan, the 14-year-old son of Peter Callahan, of Louisville, disappeared from home recently, and a few days after his lifeless body was found alongside the railroad tracks near McHenry, nearly 100 miles from Louisville.

Rev. M. F. Ham, a Kentucky evangelist who incurred the enmity of some of the people of New Orleans, where he had been preaching on "The Sin of Race Track Gambling and the Liquor Traffic," received a threatening letter ordering him to leave the city. He left.

While looting the residence of McKinney Haddon, near Indian Fields, Clifton Brooks, a negro ex-convict, who had been released from the Frankfort penitentiary only the day before, was caught in the act and turned over to the deputy sheriff, who lodged him in the Winchester jail.

Rev. George O. Barnes, the noted evangelist, died at his home in Sanibel Island, Fla., Saturday, at the age of 80 years. He preached throughout the mountain districts of Eastern Kentucky, where he was well known, and did much good in lessening the feuds. He was reared in Boyle county.

Charles (Riley) Grannan, the noted race horse plunger and bookmaker, died

At the Waist

after a short illness of pneumonia in Rawhide, Nev. He was born in Paris, where his aged mother now lives, thirty-eight years ago. He was one of the widest known turfmen in the country, and began his career as bookmaker when only twelve years old.

Night riders got in their work in a small way near Winchester last Friday night. Telephone wires were cut and three tobacco beds on the L. C. Gay farm, five miles west of Winchester, occupied by Aquilla Thomas, were completely destroyed. A fourth tobacco bed, the largest on the place, was overlooked.

At the ceremony of laying the corner stone of the Sayre Female Institute dormitory, in Lexington, Saturday, Past Master John G. Cramer, of Lexington lodge, No. 1, acting Grand Master, wore the Masonic Apron worn by Patrick Henry in Virginia. He wore the same apron at the laying of the corner-stone of the Fayette county court house twelve years ago. He prizes the relic very highly and expects to donate it to the museum of the Grand Lodge of Kentucky some time.

Death Was On His Heels.

Jesse P. Morris, of Skippers, Va., had a close call in the spring of 1907. He says: "An attack of pneumonia left me so weak and with such a fearful cough that friends declared consumption had me, and death was on my heels. Then I was persuaded to try Dr. King's New Discovery. It helped me immediately, and after taking two and a half bottles I was a well man again. I found out that New Discovery is the best remedy for coughs and lung diseases in the world." Sold under guarantee at all dealers. 50c and \$1.00. Trial bottle free.

"The Kentucky night riders are looking for new states to conquer, and are threatening Cincinnati," says the Philadelphia Press. "If they begin to operate outside of Kentucky they must expect to find it different." They undoubtedly would. This journal has no desire for bloodshed. The night riders should select a time for their raid when the Ohio river is at drowning stage. Then the police could dispose of their enterprise by throwing the riders and their horses from the suspension bridge.—Cincinnati Enquirer.
